Objective

Computer Science Engineering undergraduate with hands-on experience in full-stack web development using React, Node.js. Strong understanding of data structures, database management systems, and backend services, seeking an entry-level Software Engineer / Full-Stack Developer role.

Education

Chandigarh University, Mohali B.E. Computer Science Engineering	Aug 2022 – Jun 2026 CGPA: 6.97/10
ABR Foundation School, Sasaram, Bihar Senior Secondary (CBSE) – Intermediate (Science)	2020 – 2022 62.4%
ABR Foundation School, Sasaram, Bihar Matriculation (CBSE)	2019 – 2020 74.6%

Technical Skills

Core Subjects:	Data Structures & Algorithms (DSA), Database Management Systems (DBMS)
Languages:	Java, JavaScript, SQL
Web Technologies:	HTML, CSS
Databases:	MongoDB, MySQL
Tools:	Git, GitHub, Postman, VS Code

Projects

HappyJourney – Travel Planning Web Application Live Link	<i>React, Node.js, MongoDB</i>
--	--------------------------------

- Developed a smart travel planning application featuring location, budget, and travel preference filters.
- Implemented recommendation logic to suggest hotels, restaurants, and local attractions.
- Built a responsive frontend in React with live map details, route distance, and user reviews.

Sweet Gallery – E-Commerce Management System Live Link	<i>React, Spring Boot, Spring Security</i>
--	--

- Developed a full-stack e-commerce web application for browsing and purchasing sweets using React frontend and Spring Boot backend.
- Implemented secure user authentication and session management using Spring Security and JWT.
- Integrated custom API endpoints for cart operations, product catalogs, and H2 database integration.

File Management System GitHub Repository	<i>Java, MySQL</i>
--	--------------------

- Built a secure database system in Java and MySQL to manage file metadata, uploads, and downloads.
- Designed and optimized database schemas with primary/foreign keys to ensure data integrity and query performance.
- Developed user-access logic to grant custom read/write/edit permissions for multiple document formats.

Certifications

• SQL (Intermediate) HackerRank (View Certificate)	2026
• Java Language Features Infosys Springboard (View Certificate)	2024
• Computational Programming with Java Standards Chandigarh University (View Certificate)	2024

Achievements

- Solved 85+ algorithmic problem-solving challenges on LeetCode with a focus on code optimization.
- Co-authored a research book chapter on 5G cloud computing published by CRC Press.
